Logitech®

Harmony® 700

The rechargeable remote control that's simple to set up and use

- **Rechargeable**
- **Colour screen shows what you need**
- **One-click activity buttons**
- **Replaces six other remote controls**
- **Support for 5000+ brands and 225,000+ devices**

Logitech® Harmony® 700 is the rechargeable remote control that's simple to set up and use. It can go a week between charges, so you won't be looking for batteries when you want to be watching TV. Its colour screen can show icons for your favourite channels as well as the commands you need for the devices you're using. And its one-click activity buttons automatically turn on the right components and select the right settings depending on what you want to do. It replaces six other remote controls and supports 5000+ brands and 225,000+ devices, so you can be confident it will work with what you own today, and the equipment you'll add in the future.
